

INTERNSHIP OFFER LETTER

Dear **Ayush Singh**,

Following the **review of your professional profile and resume**, we are delighted to offer you an internship as a **Artificial Intelligence & Machine Learning (AI/ML) Intern** at **AI Tech Gen Technologies**. We were particularly impressed with your strong academic background and the impressive technical skills demonstrated in your portfolio.

During this tenure, you will work on live industrial projects that involve **AI-driven Automation and Enterprise Solutions**. This role is designed to sharpen your professional skills while contributing to our mission of bridging technical gaps through innovation.

Organization : **AI Tech Gen Technologies**

Position : **Artificial Intelligence & Machine Learning (AI/ML) Intern**

Internship Type : **Remote (Flexible Timing)**

Internship Start Date : **01/09/2026**

Internship End Date : **30/09/2026**

This internship aims to provide meaningful industry experience, enhance your professional capabilities, and prepare you for future career opportunities in the technology sector.

We are excited to welcome you to the AI Tech Gen Technologies family and look forward to your creativity, dedication, and contributions throughout this journey. We are confident that this experience will be both rewarding and valuable for your professional growth.

Best Regards,

AI TECH GEN TECHNOLOGIES
